

HIGHLIGHTS OF AWLHOA BOARD OF DIRECTOR MINUTES  
MARCH 2008

**ACC (Lagoon water maintenance firm) MANAGEMENT REPORT:**

Water sampling at L3A fluctuates; retests show lower readings.

**PUBLIC WORKS:** The Board's Action Committee is investigating types of information available from the City's computer for tracking pump activity and other items, so as to keep a better handle on water quality. **Water will lower May 3, rise June 2, for annual cleaning of docks and beaches. All homeowners are urged to clean their areas-- the less organics, the clearer the water during the year.**

**TREASURERS REPORT:** CDs maturing and reinvested. Investigating professionals to conduct a Reserve Study. Seeking information re history of dredging the lagoon.

**NEW BUSINESS:** Board is reviewing the lagoon CC&R's and the by-laws to bring them up to date; attorney will draft guidelines. Northshore owners will receive our newsletter. Continuing request for new Board members.
